PROFILE

I design illustration systems that support clarity at scale — building structured frameworks, aligning multi-contributor output, and translating complex educational ideas into accessible visual language.

My work focuses on large-scale curriculum illustration production, style guide development, and improving creative workflows across teams.

SKILLS

DESIGN & LEADERSHIP

- Illustration Systems
- Art Direction
- Visual Consistency
- Cross-Functional Collaboration
- Creative Production

AI & WORKFLOW

- AI-Assisted Illustration Workflow
- Prompt Development for Image Generation
- Creative Workflow Prototyping

TOOLS

- Photoshop
- Illustrator
- After Effects
- Figma
- Sketch
- AI Studio
- Claude Code
- Midjourney / DALL·E
- NanoBanana
- GitHub

EXPERIENCE

Senior Graphic Designer / Illustrator

2023 – Present

IMAGINE LEARNING

- Contributed to the illustration production of a 72 books decodable curriculum series, maintaining consistent character and environment styles across the full production run.
- Illustrated storyboards for the first 36 books, helping establish visual pacing, composition, and storytelling standards for the series.
- Developed and maintained the project's **Illustration Style Guide**, defining character design, lighting, color usage, and environment rules used across the illustration team.
- Provided art direction and feedback to illustrators and vendors to maintain consistent character and scene design across the series.
- Introduced **AI-assisted illustration workflows** to support faster iteration and large-scale production.
- Built an internal **AI Studio prototype tool** demonstrating how structured documents could generate early book visuals and layouts for the decodable book workflow.
- Contributed illustration development, optimization, and AI-assisted image generation for additional curriculum projects including the **Connected Text series**.

Visual Designer

2021 – 2023

MILES

- Created marketing videos and digital assets used across product launches and promotional campaigns.
- Designed icons, infographics, and web graphics supporting product communication.
- Collaborated with marketing and engineering teams to maintain consistent visual communication across platforms.

Digital Artist

2020 – 2021

LOCAL LANGUAGE INC.

- Produced **2D and 3D renderings** for commercial environments and public installations.
- Developed visual concepts and presentation artwork to communicate design ideas to clients and project teams.

Graphic Designer

2018 – 2020

PACIFIC RIM INTERNATIONAL SCHOOL

- Illustrated classroom publications and learning materials for early education programs.
- Designed the school's annual yearbook and supported internal communication materials.
